SE

Now with
Rechargeable
Batteries

**Rechargeable Batteries
Included**

**Wireless
Technology**

Simple

The RadarHAWK™ SE is easy to operate and it's wireless technology allows you to place the device almost anywhere you desire.

Affordable

The RadarHAWK™ SE is a low-cost radar laser detector with high-end features such as auto audio control, feature memory, POP™ radar detection, and selectable alert tones.

Environmentally Friendly

The RadarHAWK™ SE reduces your carbon footprint by using energy-efficient circuitry, an integrated charging unit, and long-lasting rechargeable batteries.

Radara**HAWK**™

Radara & Laser Detector
with POP™ mode
